SCOPE OF WORK

Perform work described here and shown on drawings including but not limited to:

- Demolish in accordance with demolition drawings
- Clean site thoroughly on completion

COMPLY WITH APPLICABLE CLAUSES OF THESE BUILDING STANDARDS

- AS 2436.1981 Guide to noise control on construction, maintenance and demolition sites.
- AS 2601.2001 Demolition of structures.

PUBLIC AND PROPERTY PROTECTION

- Provide measures required by municipal and state ordinances, laws, and regulations for the protection of surrounding property, footpaths, streets, kerbs, the public, occupants and workmen during demolition operations.
- Comply with the above ordinances, laws etc. in carrying out measures including barricades fences, warning lights and signs, rubbish chutes, etc.. No blasting for demolition purposes will be permitted.
- Make good to original condition, damage to structures to be retained and to adjacent property which results from demolition operations.
- Perform restoration work without expense to the proprietor. Pay fees in connection with this trade.
- Comply throughout with the current edition of the Building Code.

MATERIALS

- Material required to be demolished becomes the property of the contractor.
- Remove it from the site.
- Supply equipment required to perform the work.
- Provide disposal containers for disposal required.

PREPARATION

(Inspect conditions at site before starting work)

- Before demolishing and removing parts of building having electrical wiring, gas and water pipes, conduit or similar items embedded in them, notify the architect and authorities having jurisdiction, and make sure that these items are out of service so that they can be removed without danger.
- Arrange for a professional quality photographic record of demolition.

ON-SITE ACTIONS

- Burn no debris on the site.
- Alter, adapt, and maintain temporary works as necessary, and strike or withdraw them progressively as the work proceeds.
- Obtain the written consent of the architect/structural engineer if such works are to be left in position at the completion of the work.
- Restore to original condition, without expense to the proprietor, any damage to remaining construction resulting from failure to provide adequate protection

COMPLETION

- Complete work in accordance with instructions and written variation orders.

WARRANTY

- Provide to the proprietor a Warranty covering stability of remaining structures.
